Chicago Hotel Fire Kills 52, Hurts 200

CHICAGO, (AP) -- Fifty-two persons perished and about 200 others suffered in injuries, many believed serious, early Wednesday when fire swept through the lower floors of the 20-story LaSalle hotel in Chicago's financial district. The district was thrown into wild confusion. Bystanders shouted, "Get out! Get out! Get out!" and "Get out! Get out! Get out!"

No Canadians were among the first identified dead. Many screaming guests trapped on upper floors leaped out of windows, waving bed clothes and apparently trying to decide whether to jump or stay in their rooms. On the streets below, firemen and

TORONTO, (CP) -- The Welland canal, vital artery between Lake Ontario and Lake Erie, was blocked temporarily Tuesday when strike pickets of the Canadian Seamen's union succeeded in guarding narrow lanes to leave four vessels in.

Wild Pitch Brings City Man's Arrest

George Hodgson, city resident, faces a charge of wilful damage following the breaking of the front window of the Puritan Cafe, 10369 97 street, Tuesday night. A mustard pot was hurled through the glass. According to data gathered by Const. R. McNichol, Hodgson had an argument with a girl in the cafe. She started to leave, and Hodgson allegedly hurled the mustard pot after her. It missed her, but not the plate glass window.

Petrillo Defies Congress Threat

ST. PETERSBURG, FLA. (AP) -- "On that bus," defiant James C. Petrillo, president of the American Federation of Musicians, snarled Tuesday when told that Rep. George Doniger (Rep.-Mich.) had voted a threat of new congressional action against him. Petrillo has threatened to halt radio network broadcasting if the Lea bill designed to curb his power is upheld by the supreme court.

Referring to the strike control bill, Petrillo said: "The bill is no good. You can't snarl the working man. They won't stand for it. Abe Lincoln freed the slaves. Now they are going to make us all slaves."

Say Way Opened For China Peace

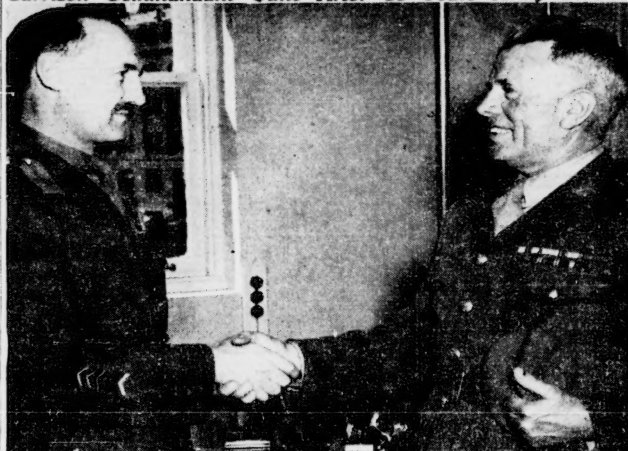

HANKING, (AP) -- A high government source said Wednesday that Generalissimo Chiang Kai-shek had agreed in a conversation with Gen. George C. Marshall, special U. S. envoy to China to halt the central government offensive in Manchuria and leave the way open for peace negotiations with Chinese Communists.

Gen. Marshall was understood to have said the proposals before Gen. Chou En-lai, chief negotiator for the Communists.

Garrison Commandant Quits After 35 Years Army Service

As he retired from the army Tuesday, Lt. Col. R. Walter Hale, N. C. E. D. right in above picture, is shown as he received commendations and thanks from Col. I. E. Shaw, district officer commanding M. D. 13, for his efficiency during service as Edmonton area commandant. After serving overseas with the Princess Patricia's Canadian Light Infantry and the 49th Battalion in the First Great War, Col. Hale was active in militia circles. In civilian life, he was a postal inspector. Shortly after the outbreak of the Second Great War, he rejoined active service. He will be succeeded as garrison commandant by Maj. J. R. C. Carter.

Sloan Proposals Rejected By 3 B.C. Logger Locals

VANCOUVER, (CP) -- Possibility of new moves in the 22-day-old strike of 35,000 British Columbia loggers and mill workers, members of the International Woodworkers of America (C.I.O.-C.O.L.), was seen Wednesday following a meeting in Victoria of Labor

Minister Pearson and Harold Pritchett, union president.

Spokesmen for the union said the rejection of Chief Justice Sloan as arbitrator, that the union no longer desired him to act in efforts to reach settlement in the wages dispute.

There was no comment from either Mr. Pritchett or Labor Minister Pearson following the Victoria conference but labor circles believed the meeting indicated new moves.

Radke Is Named School Principal

Appointment of E. B. Radke as principal of Kings Edward Park school was approved at a meeting of the public school board Tuesday night. Forty-one further appointments to the teaching staff were passed.

Resignations were accepted from Dr. R.A. McCormack, school dentist; E. H. Carson and Jean Robertson. Leaves of absence were granted to Agnes Fleming and Frances McConnell. The board approved the purchase of 100 acres in Westmount for playground purposes for Westmount school.

Speaker Eases Dignity of House; Allows Hatless Women in Galleries

By Richard Sarburn

OTTAWA, (AP) -- An unwritten law was repealed in the commons Tuesday, and from this day forward women may enter the galleries without hats. It was a victory for Gladys Strum, C.C.F. member for Qu'Appelle and only woman member of the house.

On behalf of her arbitrarily be-hatted sisters she complained

Choir Conductor Gives Up Post

Herbert G. Turner, 10255 114 st., one of Edmonton's best known musicians, has resigned as conductor of Christ Church (Anglican) choir in order to devote himself to other activities. He will continue to live here. Appointed as his successor is Leonard Betts.

For many years Mr. Turner has been secretary of the Edmonton Musicians' Projective association. For several years he has been secretary of the Alberta Musical Festival association.

Thomas Cross Heads Liberals

Thomas I. Cross, Edmonton barrister, will head the Edmonton Provincial Liberal association for another term, it was decided at a meeting of the association Tuesday night. He was re-elected by acclamation.

Other officers named were: C.H. Grant, R.C. vice-president; Ronald B. White, secretary; and Mrs. Paul Ragan, treasurer.

Provost Man Dies Of Heart Seizure

Victim of a heart seizure, a man identified through a registration card as Henry Rainwater, Provost, collapsed and died in front of 11835 95 street at 7:35 p.m. Tuesday.

Chief Coroner Dr. E.A. Braithwaite said there would be no inquest.

Total Peace or Total War Said Only Alternative For Europe

LONDON, (CP) -- Foreign Secretary Bevin declared Tuesday that permanent peace in Europe could be assured "only if Russia enters freely into the European settlement," and told the Russians bluntly: "If you value peace above all, do not miss this opportunity. It may never come again."

"If we don't want to have total war we must have total peace," Mr. Bevin asserted. Mr. Bevin replying to Foreign Minister Molotov of Russia, Mr. Bevin said a "great obstacle to peace" was the Soviet idea that the Russian method alone represented democracy, and that Russia can have security "only when every other country in the world has adopted the Soviet system."

Opening two days of debate in the commonwealth foreign policy, Mr. Bevin implored the United States to disregard Soviet rebuffs and continue seeking a four-power, 25-year pact to ensure peace and stabilization. He urged Russia to accept this proposal as "giving the greatest possible hope for the removal of misunderstanding and the creation of confidence."

Britain would continue trying to extend her 20-year friendship pact with the Soviet Union to 50 years. "I cannot bring myself to hand over Trieste to Yugoslavia, Trieste must be an international (Anglo-American) international pawn."

On the Balkan question, Britain had "met with obstacles."

Advance Act To Provide Government-Owned Firms

By a government appeal, in that it was direct to parliament rather than to the government, for support of the "Balkan Parliament," of Hon. C. D. Howe's government-owned companies act highlighted Tuesday's commons sitting.

The Greek appeal was read by Speaker Fauteux. It is not likely to appear in the House of Commons, some surprise in government benches when the speaker read the appeal. He had informed the government he received the message.

Mr. F. F. applauded, but Progressive Conservative and Social Credit members criticized. When Mr. Howe, minister of reconstruction, moved the government-owned companies act through second reading, on a division, the vote was 107 to 47.

Maj. Carter Named Commandant Here

CALGARY, (CP) -- Appointment of Maj. J.R.C. Carter as garrison commandant of the Edmonton sub-area of M.D. 13 was announced here Tuesday.

Mr. Carter will fill the vacancy created by the retirement of Lt. Col. Walter Hale.

Meyer Is Elected World Bank Head

WASHINGTON, (AP) -- The world bank Tuesday elected its first president Eugene Meyer, 70-year-old publisher-editor of the Washington Post, one-time private banker and first board chairman of the Reconstruction Finance corporation.

A strong advocate of loans to war-torn countries as a key to reconstruction abroad and business expansion at home, Mr. Meyer declared in a statement: "The world is well aware today of the food famine. At the same time we must become equally aware that the world is starving for the products of industry."

Spurns Motor Car, Prefers His Horse

VANCOUVER — Gilbert Zwicker, 70, veteran jack-of-all-trades, gets a great kick out of driving his horse and buggy on a fine day. Mr. Zwicker, born on a farm near Liverpool, N.S., has lived in Vancouver off and on since 1907. At one time or another he has been a logger, miner, prospector and peddler. He still can do a full day's work when he feels like it, but mostly likes taking things easy, seeing the country with his horse and buggy. He is a familiar sight on Vancouver streets driving about in his neat Concord buggy behind his trotter "Mabel."

"I have no use for motor cars," he said. "Owned two of 'em at various times and didn't cotton to 'em at all. Neither of 'em was worth a hood to me. A good horse and buggy—

that's the only answer to the transportation problem."

He travelled over most of British Columbia last summer and met only one other man driving a buggy. He said Mabel is 11 years old, plenty smart and not bothered by automobile traffic.

Mr. Zwicker never lets well-wishers feed Mabel sugar lumps. He said it's not good for horses. "Apples—that's their dish. I always carry a few apples in the buggy—some for Mabel and some for me."

"Especially On GREASY SURFACES Old Dutch Cleanser CLEANS FASTER, EASIER"

Reports MRS. GEORGE S. BOX
Member of Central United Church, Sarnia, Ont.

Well-known Canadian cleansers were tested. Mrs. Box, who witnessed the tests, was convinced, "For dissolving and cleaning away grease, Old Dutch is way ahead!" So for faster, easier cleaning—use Old Dutch on pans, sink, stove, bathtub, washbowl.

REALLY MAKES CLEANING EASIER

Here's why Old Dutch was proved such a time and work saver. Old Dutch not only dissolves grease, but made with Sesimotte, it has a special cleaning action no other material possesses.

DIDN'T SCRATCH AT ALL

Old Dutch is so safe that in special tests of thousands of rubbings, Old Dutch was the one cleanser that didn't scratch at all.

House Given Statement On Strike Of Printers

OTTAWA, (CP) -- Southern newspaper managements in Ottawa, Hamilton and Edmonton are in agreement with the Typographical Union proposals, but no agreement can be reached in regard to the chain's Winnipeg paper, Labor Minister Mitchell said Tuesday in the commons.

Following is his statement in part:

"For the information of the members of the house, I should like to make a statement regarding the work of three newspapers published by The Southern Company Limited -- the Ottawa Citizen, the Hamilton Spectator and the Edmonton Journal. The employees affected are members of the International Typographical Union.

"The work stoppages at these points are on their basis in a similar stoppage which has been going on at Winnipeg since the last year affecting the Winnipeg Tribune, also published by The Southern Company, and the Winnipeg Free Press.

"In Winnipeg, basically the issues are the union's policy of the non-attraction of its laws, the 40-hour week and payment for overtime, if the union could not provide labor under

its closed shop agreement.

"Unfortunately, the situation has deteriorated to such an extent in Winnipeg by the time the closed shop was reached, that the attention of my department that the appointment of two industrial disputes inquiry commissions and the holding of several conferences in Ottawa did not bring about a settlement.

"The chief reason why my department intervened in the dispute was to prevent its extension to other newspapers of the Southern and Sifton chains.

"The Southern Company is taking the position that each of its local newspaper managements has control over local newspaper policy and labor relations.

"The union's position is that certain basic labor conditions must apply in all newspapers operated by the company."

Man Nabbed Here On Nine Charges

Long hours spent by Det. Alex. Stevenson, of the city police force, mulling over police photographs "paid off" when he arrested William Litwak, wanted here on nine charges of false pretences involving more than \$600.

The detective had never seen the accused except through police photographs, but immediately recognized him in the Monarch club, 9810 Jasper ave.

Litwak also is wanted by police in Calgary and Vancouver for similar offences.

School Holiday Left To Boards

Though an order-in-council is being prepared which will proclaim June 10, date for observance of the King's birthday, as a public holiday in Alberta and though a telegram received by the attorney-general's office from W.P.J. O'Meara, acting under-secretary of state, Ottawa, declares that the day is a statutory holiday, it will be necessary for each school board within the province to make a separate declaration.

This is the opinion expressed by officials of the attorney-general's department, a clause in the school act governs the observance of this day as a holiday.

Advice of counsel to the department of education was that the terms of the school act over-ride the effect of any proclamation.

Secret Radio Room Claimed In Soviet Ottawa Embassy

MONTREAL, (CP) -- Existence of a secret radio room in the Russian Embassy at Ottawa was revealed before a court of King's Bench jury Tuesday in evidence that completed the five-day crown testimony of Igor Gouzenko at the hospital trial of Fred Rose.

The 27-year-old former cipher clerk at the Russian embassy in Ottawa told of the radio room built for communication with Moscow, but held in reserve by instructions from the Soviet capital, and cited further evidence of Russia's interest in atomic development in Canada and the United States.

Gouzenko was followed in the box by a number of witnesses, including the former cipher clerk, who placed on record or to amplify his own evidence, and by Miss Kathleen Tilner, former stenographer in the British high commission office in Ottawa.

Miss Tilner was convicted last month of infraction of the Official Secrets act and was sentenced to three years in prison.

Rose, Labor-Progressive member of Parliament for Montreal, is charged with conspiring to communicate information to Russia.

Miss Tilner told the jury she had known Rose since 1936, and had had conversations with him on "many occasions" since then.

Refuse to Boost Pensions For Orphans of Servicemen

By R.B. Sanburn

OTTAWA, Ont. -- The veterans' affairs committee Tuesday voted down a proposal to increase pensions payable to the orphans of deceased members of the forces, after it had been told that over 100,000 orphans would mean an immediate extra cost of more than \$1,000,000 a year, and that the additional cost of \$2,000,000 a year.

The suggestion was made by the House (Prog. Cons., Kingston City), who advocated flat payments of \$50 a month for each orphan child. At present, payments are on a sliding scale.

District Census Gets Under Way

Federal census in the two wings of Edmonton and Edmonton East commenced Monday when specially trained enumerators started their rounds. It is expected that the census will take the last of June to complete.

The census commissioners, George A. Campbell in Edmonton East, and Edward C. Fisher in Edmonton West, reported all preliminary organization had been completed and everything was in shape for the enumeration to swing into action. Men and women counters have been appointed. Each will operate singly in the prescribed district.

The quinquennial census being taken in the three prairie provinces will be a complete sale and is covered by 35 questions. Questions will deal particularly with housing, employment, population and agricultural conditions.

The census is expected to indicate the wartime drift of population into the industrial areas of Canada. It will show the unemployment situation, and status of wage-earners.

School boards will be asked to supply data on school and pre-school populations. Farmers will get information on farm population, values, acreage, crops, livestock.

Urge U.S. Court To Spare Life

NEW ORLEANS, (AP) -- The United States supreme court will be asked to spare the life of the 19-year-old negro player who escaped death a month ago through a mechanical error in the electric chair.

Mr. Martin, counsel for Francis, announced an appeal would be taken from the Louisiana state court's refusal to prevent a second attempt at electrocution.

Butter To Stay On Ration List

By R. B. Hardy

OTTAWA, (CP) -- Stocks of butter in the nine principal cities of Canada on June 1, amounted to 7,443,000 pounds, compared with 10,934,000 pounds on June 1, 1945.

This is the lowest point to which stocks have dropped at this time of the year since 1941, when stocks were down to 3,962,000 pounds.

The low storage position, according to experts, necessitates rationing at the present stage.

Further, it would indicate that there is little hope of a butter surplus off the rationed list during the next 12 months.

Samuel Johnson published the first English dictionary in 1755.

No Sudden End To Preferences

Herbert Morrison, lord president of the council, addressing the House of Commons conference here Tuesday said Britain had reached an agreement with the United States on the broad principles of future commercial policy, but there could be no question of the abandonment of imperial preferences "as it were in the void."

4,000,000 Workers In Britain Given Pay Boost Of \$7,000,000

By Basil Dean

LONDON, (CP) -- The looming dangers of inflation are continuing to make headlines in the British press. The labor ministry Tuesday revealed that British workers are receiving \$7,000,000 per week more than they received on Jan. 1.

More than 4,000,000 workers received pay raises during the first four months of 1946 -- ranging from 1% to \$2.25 weekly.

These increases, virtually all of them won by normal labor negotiations

Threatened To 18 Months

Mabel Angus, who pleaded guilty Thursday last in supreme court to three charges of forging medical certificates to obtain narcotics, was sentenced to 18 months on each count, by Justice Hugh John McDonald to serve 18 months on each count, and the sentence to run concurrently.

Tuesday afternoon he found Alex. Semenuk, Edmonton, guilty of obtaining a threatening separator by false pretences, and sentenced him for sentence until Friday morning. The accused was allowed a bail of \$2,500 so that he could make arrangements for restitution.

NEWS OF SPORTS WORLD

Famous Net Aces Eye Sport Scene

LOS ANGELES, (CP) -- Bill Tilden and Helen Wills Moore, two outstanding figures in the tennis world during the golden 20's, are at some difference as to possibilities of an even greater sports boom during the next decade.

Tilden, the eight-time world champion, who played to seven national titles and a top spot in Davis cup annals, thinks the impending surge of sport will make his era look like "tin-plate."

He feels that the service-men will have a large part in boosting sport to its most glittering heights.

Mrs. Moore, who has defeated by Suzanne Lenglen as the greatest match of her career, was more cautious. She says, "It's too early to tell."

Mills Punishes Woodcock But Loses Decision Call

LONDON, (CP) -- Bruce Woodcock, British Empire heavyweight boxing champion, Tuesday night scored a 12-round decision over Freddie Mills in a non-title bout witnessed by 10,700 fans at Harringay arena.

Woodcock weighed 191 pounds, 30 more than his opponent.

Neither Woodcock's title nor Mills' cruiserweight (light heavyweight) title was at stake.

Tack Suspension On Calgary Boxer

Edmonton Boxing and Wrestling commission Tuesday threw the book at Johnny Ames, Calgary fighter who appeared on an Edmonton boxing card last Friday as "Jimmy Flanagan."

He has been suspended indefinitely. In that the commission is affiliated with the Western Canada Boxing federation, the Dominion Boxing federation and the National Boxing association of the U.S., it is presumed Ames' suspension will hold wherever those bodies have jurisdiction.

At the same time Secretary Frank Heller of Edmonton commission would recommend to the Western Canada Boxing federation that Ames be suspended for the proposed "Rocky" Wagner.

Hec Trudeau, bout be withheld until such a time as Ames appears before the Edmonton body and clears himself of any complicity in the Ames "Flanagan" mix-up. Wagner knocked out Ames (Flanagan) in 37 seconds of the night in question.

Wagner and Trudeau are scheduled to meet in Calgary shortly with the light heavyweight title of western Canada at stake.

Bad Cricket Break For Yorkshiresmen

LONDON, (Reuters) -- No change occurred in the leadership for the county cricket championship of Yorkshire as a result of games which ended Tuesday, but Yorkshire might have gone ahead with a little luck instead of being grouped with two other teams.

In reply to Gloucestershire's total of 369, Yorkshire recovered from a poor start to a quick scoring stand between their captain, A.B. Sellers, and Albert Turner, who scored 110 runs in 110 minutes. When rain stopped play, Yorkshire had compiled 336 for the loss of six wickets and were robbed a first innings lead.

Lane's Homer Sparks Rally As Cards Beat Esks by 4-3

Cardes staged a sensational ninth inning rally at Renfrew park Tuesday to snatch a 4-3 victory over the Esks.

It was the first City Senior league victory of the season for the winners.

When trailing 3-1 in the top half of the ninth, for never known Esks' right-hander Connie Thomson, who yielded a run in the first inning, kept the rally away from the counting house. He appeared to have the Cards on ice.

Then the house of cards fell in... on Thomson.

A senior hit hard to shortstop Art Flores and the ball got away from the Mexican. Into the batter's box strode ye hockey star Doug Lane, who had already this season made 11 similar trips to the dish without results.

Lane promptly hit a home run offering high up into the distant bleachers in left field, scoring O'Connor ahead of him. There was nothing to choose at 3-3.

Was further added to when Harry Ornest and Dave McKenzie singled in the clutch. Pete Tedeschi handled the Brockie shot to left center and when he tried to cut down the speeding Ornest at third and threw a wild ball at the attempt.

The Cards' second score continued on home with the winning run. Lee Coulter, 12-20 year old under loop star -- turned in a high class mound job to stop the score.

He showed the two birds a live sort of fast ball.

Score by innings: R H E

Parsons Brilliant As Vets Win 6-1

Rugged Ken Parsons, centre forward with Army Navy, and Air Force Vets, Tuesday at Clarke stadium turned in one of the most brilliant individual displays of effectiveness in the history of soccer nearabouts.

From the Vets' number 11, Oliver St. Fata 6-1 in a Vets - Martin offering of the Edmonton District Football association Parsons assumed complete charge of the team, showing by firing all six goals.

He worked slowly to record a goal by performance by counting once in the first half. The goal matched one by Jim Magee, St. Fata's.

Once the second half was underway Parsons swept to his and the Vets' total mounted steadily to an even half dozen.

Thereafter, the Vets' thwarting the fine play of the Vets' pivot.

Belting Ben Hogan Takes Goodall Golf

MAMARONCK, (AP) -- Little Ben Hogan Tuesday won the \$10,000 Goodall-Golfing Golf tournament over the water-logged Wined Foot course here.

\$1,000,000 Is Written Off In Cost Of Veterans' Homes

OTTAWA, (CP) -- The government has written off \$1,000,000, by which costs of 2,500 homes built under the small Veterans' Land Act exceeded "permissible limits," Veterans' Minister MacKenzie said Monday.

Mr. MacKenzie said the total cost of the homes, built in 1945 and 1946, was about \$15,000,000. The excess cost covered by the "production fund" represented less than seven percent of that total cost.

The minister maintained that terms and prices of the homes built on small holdings of the outskirts of cities and towns "should be well within the capacity of the average veteran to pay."

The minister recalled that the housing shortage had forced the small holdings into the house-building field on a large scale. More than 50 percent of those veterans who applied for benefits were influenced primarily by the need for a home.

Edmonton Bulletin

Cheaper Gas Will Help

Edmonton householders and other users of gas will welcome the reduction in the rates for natural gas, not less heartily because it comes at a time when other family requirements are in most cases becoming dearer.

The effect on the monthly bill will not be conspicuous during the summer, but will be quite noticeable when cold weather keeps the meter spinning day and night. The total saving to consumers as placed at \$280,000 per year. The new rates will be the lowest in this continent.

Lower heating cost to householders and other present consumers is not the only important effect of the reduction. Fuel cost is a major item in the expense of carrying on an industrial concern of any kind, therefore an item which is given close attention by an industrialist or other businessman when looking for a place to locate.

The lower cost of this convenient fuel, available in any desired supply, will encourage the expansion and the establishment of large labor-employing enterprises in Edmonton. This is vital to the stability and the growth of the city. The fact is more necessary to this end than that the opportunities for steady employment be multiplied.

A Rocky Road Back

The difficulties of "de-control" are making themselves very apparent in Canada. It was one thing to clamp on restrictions when everyone was willing to "stand pat" on wages and prices in order to win the war. It is quite something else to take off these restraints, or to even ease them without causing protests in one quarter or another.

Thus when a price increase is permitted the Government is accused of trucking to "business" interests. When a wage increase is allowed the ministers are blamed for causing inflation. When a price increase is refused they are said to be making things scarce. When a wage increase is barred they are charged with being sponsors of slave labor.

What is said about the Government and its doings and non-doings may not be nationally important. Democratic governments live, move and have their beings in an atmosphere of criticism anyway. But what is important is that the difficulties of operating the control system in post-war conditions are taken to relax and eventually abolish the system.

But, whatever the turmoil, that will have to be done. We cannot have free enterprise and wartime control at the same time. The old rationing and totalitarian methods do not go together. The regulations which have suspended the ordinary freedom of peacetime life will have to go. Thus far it cannot be said that the process of modifying the laws has been the pleasant or promising. The road back is rough.

Six hundred Japanese repatriates sailed from Vancouver for Japan. They were voluntarily repatriated, paid and expense money provided by the federal Government. According to reports they appeared neither happier nor unhappier as they boarded the steamer, having apparently decided that their present life in Canada would be no happier than it is likely to be in the homeland.

Looking Backward

1886 -- 60 years ago

Bishop Young, of the Church of England Diocese of MacKenzie, arrived from Calgary on Sunday, June 3, 1886, to take up his duties as rector of the Church of St. John the Evangelist in the town of the diocese. A Church of England missionary party arrived from Calgary bound for the Diocese of MacKenzie River. The party consisted of Mrs. MacKenzie, wife of the bishop, and Mr. and Mrs. J. W. Ellerton.

1896 -- 50 years ago

James MacDonald is making rapid progress with the construction of the board sidewalks on Douglas Street. The gold club gold button was won by Mr. Slocock, the silver button by Norman MacKenzie and the bronze button by Inspector Snyder.

1906 -- 40 years ago

Property owners on 1st Street have revived a proposal to widen that street 30 feet, making it the same width as Jasper.

1916 -- 30 years ago

London: A further report from the commander-in-chief of the armed forces states it has been ascertained that our losses in destroyers amounted to eight. One dreadnaught, the Belager, was blown up and another sunk by gunfire. Three German cruisers were accounted for and four others disabled. A German submarine was rammed and sunk.

1926 -- 20 years ago

J. F. Lyburn was sworn in as attorney-general. The Dominion government will contribute \$2,000 towards the 100th birthday, instead of the \$15,000 originally promised.

1936 -- 10 years ago

Members of the Brotherhood of Locomotive Engineers, Order of Railroad Conductors, Grand International Division, 547, 591, 796 and 817, gathered at the MacDonald Hotel to elect their new officers. They were: Tom Taylor, Dan Powers, Joe Vance, David Beane, Charlie McKelvey, George Hamilton, Ben Baker, A. A. Smith, F. W. Agrell, W. Hardie, E. A. Young and P. C. Howie. Mrs. L. B. Rule, Vegreville, and Mrs. B. E. Caniff and Mrs. E. H. Howie, Calgary, were re-elected president and vice-president of the Alberta branch of the Canadian Postmasters' Association. T. H. Edie, Red Deer, and L. Macdonald, Calgary, were posted to the executive.

Mayor J. A. Clarke, K.C., expressed the opinion that the reduction on Alberta's \$160 millions bonded indebtedness will effect a substantial saving to taxpayers and that provincial bondholders should accept a lower rate willingly for the benefit of the general taxpayer.

"When does the next train that stops at Manchester leave here?" asked the resolute "doc" at the booking-office window. "You'll have to wait four hours," he said.

A Parable

By Dorothy Thompson

A man I know, head of a motherless household, with two small children, was looking for a cook. He would do some housework. Few good cooks like additional housework, my friend, not being rich, could not outbid others; and no cook interviewed was willing to go to so isolated a spot, or assume such responsibility, until a handsome and grave colored woman said she would pray about it and give him an answer.

A few days later she said she had prayed hard and "God had commanded her" to come and cook for him and the children and clean the downstairs rooms. My friend welcomed her with joy, tempered only by a fear that she might be a religious fanatic.

X X X

I cannot answer for her mental condition. I find extraordinary sanity in her decision and her means of arriving at it. Stated in secular terms, in concentrated meditation and a humble spirit, she wrestled with her conscience to find what was right for her to do. This led her to enquire in which of several alternative positions she was most needed. She concluded that she was most needed as a cook in his home, in a place where help by the day was out of the question. So she went there. She was the same woman which a physician makes among the casualties of an accident which is in the most imminent need? Not which will pay more or be the easier operation.

In the present state of our civilization a worker has made to enquire in which of several alternative positions she was most needed. She concluded that she was most needed as a cook in his home, in a place where help by the day was out of the question. So she went there. She was the same woman which a physician makes among the casualties of an accident which is in the most imminent need? Not which will pay more or be the easier operation.

The same means of arriving at a decision could be recommended to labor leaders, whose angry obstinacy and threats only are creating anger and anxiety. The life of a free democracy depends on its being in equilibrium. Extreme actions creating extreme crises usually create extreme reactions leading to new crises. It is, for instance, impossible to explain fascism except by reference to what preceded it, which, though opposed to it, facilitated its triumph. The black shirt march on Rome followed a series of paralyzing strikes in key industries, which caused a reaction on the part of the people to shout for order at any price. Mussolini furnished the order. It is the price of despotism. It is thus incumbent on all leadership to weigh in the balance the necessary rights and gains, but human needs and logical consequences. Otherwise the scale, with demands piling up on every side, may be tipped by oppressions on the other.

RED LAUGHTER

Canadian Countryman.

By demanding still higher wage rates and shorter working hours the leaders of the organized labor movement are wrecking our economy and wrecking the organized labor movement itself. Trade union leaders have Communism because there is no place in it for them, yet by their actions they are hastening the day when they should have Communism or fascism in this country and when they themselves will be deprived of their well-paid and comfortable jobs. That is why the Communists in Russia and elsewhere are laughing at us.

They had just emerged from an air-raid shelter. Said the girl, "Herbert, you really should have a good talk with all those people so close around us, even if it was dark."

Quebec and the Flag

The insistence of some leaders in Quebec that their views shall prevail in Canada is typified in the riot dropped by some Quebec members of parliament that they will stage a filibuster in the house if the Union Jack is given a place in the design for a Canadian flag.

The inspiration for such an attitude, contrary to the wishes of a majority of the Canadian population from coast to coast, may be found in a recent front page editorial in L'Action Catholique, the acceptance of the Roman Catholic clergy, published in Quebec City. Not only that a large majority of the special parliamentary committee is favoring a design very similar to the Red Ensign; it declared: "The majority holds to the Union Jack... This obstinacy and tenaciousness of an incompressible stupidity... Even if such a flag be imposed by order-in-council, never will it be accepted by the people as a symbol for rallying and unity."

And the Ottawa "Oleto", clerico-nationalist, presents this completely distorted picture: "By adopting a flag which bears a European emblem as the national flag of Canada, the division that exists between the Canadians and those who are only so in name will be increased."

The Union Jack is still the official flag of Canada within Canada. The Red Ensign, with the addition of a coat of arms in the fly, is the official flag of Canada outside of the Dominion.

Several millions of Canadians would be most content if the present arrangement was continued. Parliament, let us hope, will accept the challenge thus arrogantly flung to it by the clerico-nationalist of Quebec and will let these gentry know in no uncertain fashion that the will of the majority must and shall prevail—in a parliamentary committee, in parliament and in the dominion as a whole.

French Election

The full consequences of Sunday's French elections are still for the future to disclose. It seems clear, however, that it marks another step in the decline of Communist influence in France.

That influence reached an all-time high at the voting last October, when the Communists emerged as the largest single party in the cabinet. Since then, it has received its first check when the voters rejected the proposed radical coalition last month. Now it has received an even sharper reverse in the slight but decisive defeat of the Communists' representation in the new assembly.

Thus traditional conservatism in the French people, especially the peasants, has once more reasserted itself. The future of France was again to rest with the parties of the extreme left, as was feared only a few months ago when the moderate, middle-of-the-road groups, of which the Popular Republican Movement is at present the most conspicuous.

In internal affairs this will presumably mean a strengthening in the pace of radical economic measures such as the nationalization of industries. In foreign affairs it means the cessation of closer relations between France, Britain and the United States.

The danger that France might become virtually a Russian satellite state, has now been removed. Now that an independent moderate regime in Paris seems assured for the next few years, much closer co-operation should be possible.

BIRLE MESSAGE

O the depth of the riches both of the wisdom and knowledge of God! How unsearchable are His judgments, and His ways past finding out! For who hath known the mind of the Lord? or who hath been His counselor? Or who hath first given to him, and it shall be recompensed unto him again? For of him, and through him, and to him, are all things: whom be glory for ever. Amen. (Rom. 11:33-36)

Czechoslovakia's Vote

The Czechoslovak elections have given the Communist movement the greatest popularity it has won in many years.

The Czech Communist party—insignificant before the war—polled two-fifths of the votes cast. This with the seats won by the party's socialist allies, gives the Communists control of the new national assembly. Czechoslovakia is thus committed to a continuance of radical social measures at home and close co-operation with the Soviet Union abroad.

What makes all the more striking is the fact that the voting took place in an atmosphere free from intimidation and pressure. There was none of the terrorism which marked the Bulgarian and Yugoslav elections, and largely invalidated them as an expression of the popular will. The victory was the result of the fact, which the Communists have ever won in a free election, in eastern Europe or anywhere else, will be recalled that within recent months the party has suffered a decisive defeat at the polls in Austria, Hungary, western Germany, Belgium and Holland, and now has retreated to a technical setback in France.

In an article summarized elsewhere on this page by the American commentator, Edgar Ansel Mower, suggests several reasons why the Czechs have granted an exception to the general rule. His explanation is not a flattering one. He states the election is likely to have momentous effects on world affairs. Czechoslovakia is a small state but it occupies a commanding strategic position. It is also the most highly industrialized nation in eastern Europe, and in many ways the most advanced and influential. Its firm adherence to Russia could lead to increased Soviet dominance in eastern Europe. It may also tend to stiffen Moscow's attitude at the next Paris conference and in all future international negotiations.

Fish By Air

A considerable to-do has been made in the east over the recently inaugurated ship-carrying service from the Maine coast to mid-western American cities by air transport. Some commentators seem to be under the impression that this is an entirely new development. Actually, of course, freshwater fish have been carried by plane for several years. Our famous Cold Lake trout, which is in great demand in New York and other restaurants, is a "high priority" air traveler, as is also the northern whitefish.

Indeed, that perishable foodstuffs of all kinds will be shipped by plane. When the practice is fully established, epicures may be able to taste fresh salmon from every part of the world in their natural state.

Japan's Hairy Ainus

The emperor Hirohito has had his share of troubles since Japan surrendered last August. Now a new headache has arisen. The hairy Ainus are after him.

The Ainus are the aboriginal Japanese, who have inhabited the islands before the Japs themselves appeared on the scene. They are a primitive people whose long beards and hair have won them the epithet "hairy." The Japanese, through many centuries, drove out and disposed of them, much as the early American settlers displaced the Indians. The few remaining Ainus are herded into a sort of reservation in the northern islands.

The Nipponese collapse has apparently given the Ainus fresh courage. A delegation recently called on the imperial palace to demand the restoration of 100,000 acres of tribal lands claimed by the Jap authorities in the 19th century. Thus, after losing Korea, Manchuria, China, the Philippines, and other islands and the East Indies, Japan finds her oldest conquest of all beginning to come unstuck.

The Third Column

CZECH-SLOVAK SENTIMENT

Summary of an article by Edgar Ansel Mower

To the Czechs, capitalism and parliamentary democracy are the worst enemies identified with the western nations, particularly Britain and France. The prestige of these nations is now very low in Prague, because of the manner in which they abandoned Czechoslovakia to her fate at Munich. On the other hand, Russian prestige is high because most of the country was eventually liberated by the Red Army. Hence there is a swing from western to Soviet ideas.

This attitude probably arose originally from the fact that most American G.I.'s could speak a little "fraternization German" but were completely baffled by the appalling difficulty of the Czech tongue. They naturally associated with the people they could talk to. Nevertheless, these episodes aroused intense resentment among the Czechs, and helped convince them that the western nations were their enemies.

To a greater extent than elsewhere in Europe, Czech and Slovak industrialists and financiers, and the conservative elements generally, disapproved of the collaboration with the Germans during the occupation. This mortally weakened the position of the right-wing opposition.

The Letter Box

CONTRASTS

Sir -- We hear a great deal these days about the desperate food situation across the water, and are reminded daily to buy and use less flour, grease, eggs -- with the stress on grain products. "Share with the hungry" is ringing in our ears. Well, this is as it should be, in the face of the need, and why shouldn't we help those poor, starving, unfortunate? Especially little children?

On the other hand, and perhaps a more cheerful note to many, we hear we are to have longer hours for beer parlors. The papers report that liquor for Saskatchewan and the possibility of an addition of liquor stores in Edmonton and also in Calgary.

What of the grain and sugar, etc., that go into the production of liquor? Why have more at a time like this? The public with half an eye can see there already is too much of it for the good of mankind.

While other countries are having to cut down the size of the loaf, which doesn't help much to fill empty stomachs, our country is boosting the output of liquor. Do we have to have more drinks? It just doesn't make sense.

Yours, "Concerned"

APPRECIATED

Sir: It was a unique surprise to receive a newspaper printed as one by the Edmonton Bulletin and Edmonton Journal as an expression of appreciation. I desire to compliment both staffs of our local newspapers for the fine spirit of collaboration that was really a teamwork, appreciated and highly commendable.

Yours, Jos. Cairns.

Pretty Wedding At Robertson

White lilacs and apple blossoms adorned Robertson United church Saturday for the wedding of Margaret Cameron McKechnie, only daughter of Mr. and Mrs. C. C. McKechnie of Edmonton, and George Duncan Harvey, son of Mrs. George R. Harvey of Hamilton, Ont., and the late Mr. Harvey. Rev. Dr. Murdoch MacKinnon officiated.

Entering the church with her father, the bride wore a gown fashioned with a lace bodice, sweetheart neckline and full chiffon skirt. The sleeves were long, coming to lilly points over the wrists and her floor-length veil was held close to her head with a bandeau of Sweetheart roses.

She carried a colonial bouquet of cream roses and Sweetheart roses. Mrs. D. C. McKechnie was matron-of-honor and Dr. D. C. McKechnie was best man. Ushers were Donald McKechnie and Dr. F. Kreitzer.

After the ceremony a reception was held at the MacDonald. The couple is spending a honeymoon in Banff and Jasper and will later reside in Montreal.

Myra Lynch Recent Bride

Rectory of St. Anthony's Pro-Cathedral was the scene of an attractive wedding Saturday evening when Miss Myra Frances Lynch, daughter of Mr. and Mrs. John J. Lynch, of Edmonton, was married to Mr. Duncan MacGregor Foster, son of Mr. and Mrs. Duncan Foster, also of Edmonton. Rev. Fr. C. J. Foran performed the \$130 p.m. ceremony.

For her wedding the bride chose a powder-blue gabardine dressmaker suit with contrasting white accessories. Her hat was a white transparent mohair doll model accentuated with a blue ribbon. A necklace of pearls, a gift of the groom, was her only jewelry, and her corsage was of pink roses, gardenias and stephanotis.

Miss Mary Lynch attended her sister as bridesmaid.

Best man was Mr. Donald Foster, brother of the groom.

After the ceremony a reception was held at the home of the bride's parents, 10556 79 ave.

Fr. Foran proposed the bridal toast.

The couple left later on a honeymoon trip to Banff and Calgary, the bride wearing a brown coat.

On return Mr. and Mrs. Foster will reside in Edmonton.

MOVIE STARDOM GOES TO JASPER

One of Paramount's forthcoming pictures, "The Emperor Waltz," is in process of production and Jasper National Park has been chosen as the "shooting ground" for important parts of this spectacular picture. Above are seen four of the key people in its production — (1) JOAN FONTAINE; (2) BING CROSBY; (3) CHARLES BRACKER; (4) BILLY WILDER. In the center is pictured Mount Edith Cavell opposite Jasper Park Lodge. The Jasper mountains and scenery fit the director's requirements perfectly. A special train brought the stars and a large cast to Jasper to do a three-week job in the Canadian Rockies. Bing Crosby is looking forward to testing his great golfing skill on the famous Jasper Park Lodge championship course.

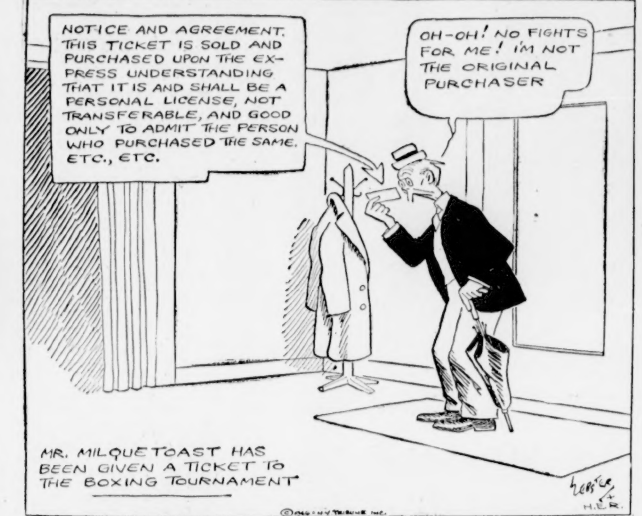

Jannity, oh-so-smart, these slacks worn by Ida Lupino, star of Warner's "Devotion," are adapted from one-piece mechanic's coveralls. Colored in blue shantung, they are worn with a sheer white cotton jabot blouse.

Tahitian influence prevails in this delightfully youthful summer swim suit, styled by Warner starlet Jane Barker, who appears in "The Man I Love." Suit is fashioned in beige with prints in rust and brown.

Rarely photographed, Mr. and Mrs. Irving Berlin are pictured during a recent visit to a New York night club. The famed song writer's newest Broadway success is the musical "Johnny Get Your Gun."

THE TIMID SOUL

'Miss Stateside'

Lee Coberly, above, of Tutu-earl, N. M., was selected to be "Miss Stateside, 1946" in recent Tokyo beauty contest, judged by Army and Navy officers. Now a secretary at the International Prosecution Section in the Japanese capital, she was formerly secretary to Sen. Carl Hatch, of New Mexico.

U. S. China Base?

THERE OUGHTA BE A LAW

JASPER PREPARES TO RECEIVE OLD FRIENDS AND NEW

To the list of thousands of Canadian and tourists from all parts of the world, who visited Jasper National Park in the Canadian Rockies before the war can now be added the hundreds of men and women of the British and United States Armies who were there during the war.

Some of these uniformed visitors came to work. There were the Lord Lovat Scouts, famous commandos who used Jasper as a training ground for mountain warfare. They put in long strenuous hours hardening their bodies, building up stamina and testing and proving new types of equipment. One of them is seen, to the extreme right, rock-climbing above the Canadian National Railway track.

And some came to play. Returning on furlough from arduous duty in the North Country, men and women of the United States Army found Jasper a delightful place to relax in. They loaded in their own bungalow camp or took the opportunity to swim, hike or go horseback riding. They also got to know some of the wild animals in the park and one of them is shown to the right, with a family of bear cubs.

Jasper Park Lodge, spreading across the top of the layout, was not open however, for the maintenance of men and materials was necessary in the war years. But this summer hotel on Lee Beaver, with its charming cottages, will be open again this year from June 15 to September 15, and has been completely renovated and alterations made for the added comfort of guests. Advance reservations are already heavy.

During the war, the celebrated golf course was reseeded—partly with Kentucky blue grass—and in some places remodelled. The centre photograph shows the new bunker at the eleventh green, rebuilt as a replica of the Pyramid Range which lies behind it.

Hundreds of thousands of speckled and rainbow trout and other game fish were reared and distributed in lakes and waterways, promising good sport for the fisherman. And in this largest of North America's national parks, the trails and highways which span its 4,200 miles are in splendid shape.

4 tokens left-over.

Monthly Sugar-Preserves.

3 lbs. sugar 1-12oz. jar jam, jelly or marmalade and 1 qt. molasses 1 coupon

Veal is an integral part of spring menus, and for that Sunday you want to enjoy with your two guests, a mould of jellied veal is suggested. By buying the stewing variety your two pound purchase will provide enough meat for Monday's hot dish. Egg-ragout on meatless Tuesday is simply prepared by alternating a combine of white sauce made interesting with a dash of curry, and cooked macaroni with sliced hard cooked eggs. An ideal partner for it would be a gray vegetable salad. Tabled for Wednesday are sausages. Thursday's meat patties can be made from minced beef or veal. Friday is for fish, due to your liking. Saturday features the season's special — fresh capersauce on toast made from that stale bread you've been tempted to waste, and topped with a mellow cheese sauce. The four tokens saved from the week's good eating represents YOUR sharing of OUR plenty with those abroad who live with hunger.

June brings two sugar-preserves coupons, \$15 and \$16 due on the twentieth of the month. Accordingly, a twosome will have a total of four coupons to devote to sweets. Three of these might well be used for sugar, which aside from a modest amount for everyday use, will give you a little extra to augment your canning supplies. The other coupon can be exchanged for a 12 oz. jar of jam, jelly or marmalade, and 1 quart of molasses, useful in so many sugar-saving recipes which add goodness and interest to your meals.

Notice of Public Tender TO LEASE FOR FARMING PURPOSES

Sealed tenders will be received by the Director of Lands at Room 329 Administration Building, Edmonton, at 2:30 o'clock in the afternoon of Wednesday, June 3, 1946, to acquire a Lease for Farming purposes comprising the following lands: North West quarter of the North West quarter of Legal Subdivision 5 and the South West quarter of the South West quarter of Legal Subdivision 12 of Section 2, Township 24, Range 19, West of the 5th Meridian, containing 3 acres, more or less, as provided in the regulations governing the leasing of areas of land, marsh and water for farming purposes.

All tenders must be submitted in person on forms obtainable for the purpose from the Director of Lands, Edmonton.

All tenders must state the amount an acre per year the tenderer is prepared to pay.

No lease shall be issued at a rental less than 20c an acre per annum for the area of land, marsh or water described in the Lease.

The Lease shall be for a term of ten years renewable at the discretion of the Minister and will be awarded to the person tendering the highest amount an acre per year.

Any person who was not a British subject at the time of the outbreak of World War No. 2, and who has not since continued to be a British subject or a subject or a citizen of a country which was an ally to the Majesty in World War 2, or a subject of a neutral country, is prohibited from leasing any of these lands, under penalty of having same cancelled and payments made thereon forfeited.

The Lease will be subject to the Game Branch, Department of Lands and Mines, Room 417, Administration Building, Edmonton, a license or permit to operate a fur farm on such land, marsh or water.

The Department reserves the right to withdraw any of the said lands without notice to the public.

Payment may be made in cash or by marked cheque to the Receiver General, Bank of Canada, payable at par at the City of Edmonton, or by Money Order, Certified Transfer, Voucher or Certified Cheque on the Treasury House.

By Order, A. WOOD, Director of Lands and Mines.

SLIM-WAISTED COTTON

Sharp and clear as a paper-doll cut-line, this crisp cotton by Herbert Sondheim of New York has the neat little waist and rounded hips so important this year.

Would a few pounds less let you wear fashions like this? Then write for the "Kellogg Weight Control Plan," a purse-sized guide with 63 reducing menus planned for your own needs.

These menus include Kellogg's All-Bran because it is guaranteed, on a double-your-money-back basis, to keep you regular naturally. And, being made only from the vital outer layers of the wheat, it is rich in certain "protective" food elements your body must have, diet or no diet.

No wonder this delicious cereal is served by nearly one out of every two families in Canada. Order Kellogg's All-Bran today. To get the "Kellogg Weight Control Plan," cut the box-top from the package, print your address and request on the card and mail to Kellogg Co. of Canada, Ltd., London, Ontario.

ANOTHER FIRST FOR STOKELY'S FINEST

300,000 Tomato Plants from Sunny Georgia Flown to You for Freshness!

Picked in Georgia Yesterday . . . Planted in Essex TO-DAY!

FOR THE FIRST TIME in Canada's food-canning history, Stokely speeds young spring tomato plants across a continent—overnight by air!

From Sun to Sun. Awakened by the warm rays of the sun away down south in Georgia, these tender tomato plants went to bed in Essex before the sun again! And so, by this modern means of air-transport, Stokely-Van Camp of Canada is able to pack for your pleasure—red, ripe, luscious tomatoes—rich in vitamins, and virtually garden-fresh in flavor.

While Canadian-grown plants are struggling against the elements for their very existence, southern plants are basking in the warm sun and storing up vitamins and flavor. Small wonder then that when the miracle of air transport made it possible for south-

ern plants to be delivered to Canada, for planting while still dewy-fresh and vitamin-packed, Stokely acted.

THIS IS STOKELY LEADERSHIP

First to introduce the sensational, modern method of dusting pea crops by airplane—Stokely now scores another "first" by sparing no expense to ship 300,000 tomato plants BY AIR . . . then transplanting this choice crop on home soil. Here's dramatic proof that where the freshness, the richness, the finer flavor and quality of food will be assured through better and newer food-producing efforts, you can count on Stokely's for that leadership.

STOKELY-VAN CAMP OF CANADA LTD. ESSEX, ONTARIO

JUNE IS CENSUS MONTH IN WESTERN CANADA

EVERY FIVE YEARS the Dominion Government assembles facts about Western Canada—facts which, when they are sorted out, will answer many vitally important questions concerning population, agriculture, housing etc.

To get these facts the Dominion Bureau of Statistics goes to the people themselves. No one else can supply so accurately the information which will guide all governments—Dominion, Provincial and Municipal—in policy-making during the critical years ahead.

This year is Census year, and June is Census month. A new and very important feature will be collection of facts on housing in cities and towns of over 5,000 population.

This 1946 Census is of special interest because it will provide the first reliable picture of Post-War Canada. It is the Reconstruction Census.

IT IS IMPORTANT TO YOU, AND YOU CAN HELP—by answering all questions frankly and correctly when the Official Enumerator calls at your home. There is no reason to withhold information; the enumerator is sworn to secrecy and you can place absolute trust in him. Both he and the Dominion Bureau of Statistics will hold all information in strictest confidence; it can never be used against you by any tax-collecting or other agency or in any court of law.

It is compulsory by law to answer the questions, but, more important, it is good citizenship to reply . . . frankly and accurately.

"NERVES" She Called It

Living interest—living friends—she never went out alone—always too tired. "Nerves," she thought—but it was her kidneys—the filters of her blood—that needed attention. She used Dodd's Kidney Pills at once. The improved action of her kidneys helped to clear away blood impurities and excess acids. Fatigue, backache, headache, lack of energy disappeared. Dodd's Kidney Pills contain essential oils and medicinal ingredients that act directly upon the kidneys—and help restore their normal action.
